COCHIN PORT TRUST

www.tenderwizard.com/CPT

Tender No: T10/T-1942/2021-C

	Name of Work: ADITIONAL WORKS AT THE JETTY, BUILDINGS & LAND AREAS OF GOI AT COCHIN PORT								
	SC	HEDULE - "II"- SCHI	EDULE OF QUANTITIES O	F WORK TO BE DONE ON CO	ONTRACT				
	Name and Address of the Vendor:								
Sl. No.	Sub- heads and items of work	Unit	Approximate Quantity	Departmental Rate/ unit Price (Rs)	Departmental Rate in Words	Departmental Amount in Rs.	Departmental Amount in Words		
	1.Pump House at Main Jetty								
	(a1) Covering of Terrace Floor of Pump House								
1	Providing precast cement concrete solid block masonry with 1:2-4 {Icement: 2 sand: 4 graded stone aggregate 20mm nominal size} with factory made cement concrete blocks of size 300x200x150mm / 300x100x150 in cement morar 1:3 (1 cement: 3 sand) for superstructure (For 20cm / 15cm/ 10cm thick walls) including scaffolding-rading out and growing of joints, curing etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ³	4.00	19,354.00	Rupees Nineteen Thousand Three Hundred Fifty Four Only	77,416.00	Rupees Seventy Seven Thousand Four Hundred Sixteen Only		
2	Providing 12 mm thick plastering with cement mortar 1:4 (Leement: 4-sand) for inside and outside walls, trowelled hard including scaffolding, curing etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m ²	21.00	362.70	Rupees Three Hundred Sixty Two and Seventy Paise Only		Rupees Seven Thousand Six Hundred Sixteen and Seventy Paise Only		
3	Supplying, fabricating and fixing in position Mild Steel (MS) Runners using RHS 66mm x33mm and 4.5mm tk. riveted, bolted or welded in the existing MS postsy walls, including cutting, hostisting fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge	Kg	627.00	195.00	Rupees One Hundred Ninety Five Only	1,22,265.00	Rupees One Lakh Twenty Two Thousand Two Hundred Sixty Five Only		
4	Painting MS Runners with two or more coats of synthetic enamel paint of approved	m ²	28.00	165.20	Rupees One Hundred Sixty	4,625.60	Rupees Four Thousand Six Hundred Twenty		
5	Providing and laying Granite slab 18mm thick or nearest available size (Jet Black, Cherry Red, Elite Brown, Cat Eye or equivalent) in required design and patterns over 20 mm (average) thick base of cement mortar 1:4 (Lement : 4 coarse sand) laid and Jointed with cement slurry and pointing with epoxy based joint sealing material of	m ²	12.00	5,446.60	Rupees Five Thousand Four Hundred Forty Six and Sixty Paise Only	65,359.20	Rupees Sixty Five Thousand Three Hundred Fifty Nine and Twenty Paise Only		
6	Providing edge moulding to 18mm thick granite slab including polishing edge to give high gloss finish etc. complete as per detailed specifications and directions of Engineer-	m	40.00	511.30	Rupees Five Hundred Eleven and Thirty Paise Only	20,452.00	Rupees Twenty Thousand Four Hundred Fifty Two Only		
7	In-Charge Providing and applying premium quality 100% acrylic emulsion exterior finish paint (Weather coat by Berger or Nerolac Excel or Weather shield by ICI Dulux or Snowcryl XT-premium by Snowcem India Ltd.) in two coats over one coat of primer for walls to give a smooth and even shade including scaffolding, topping of all holes and depressions, applying putty for the entire surface, cleaning with sand paper etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m^2	135.00	174.80	Rupees One Hundred Seventy Four and Eighty Paise Only		Rupees Twenty Three Thousand Five Hundred Ninety Eight Only		
	(a2) Providing UPVC Sliding type windows)								
8	Providing and fixing factory made uPVC two track sliding and fixed window comprising of uPVC multi-chambered (big series) frame 67 x 50 mm & sash 46 x 62 mm both	m ²	48.00	9,393.90	Rupees Nine Thousand Three Hundred Ninety Three	4,50,907.20	Rupees Four Lakh Fifty Thousand Nine Hundred Seven and Twenty Paise Only		
9	Providing and fixing factory made uPVC fixed window , comprising of uPVC multi- chambered filips caries firms of 7 x 60 mm and mullion (where ever required) 67 x 80 mm all having wall thickness of 2.3 ± 0.2 mm extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), uPVC extruded glazing beads of appropriate dimension, EPDM gasket, G. flaxteners 100 x 8 mm size for fixing frame to finished wall, plastic packers, plastic caps and necessary stainless steel screws etcusinguPVC extrusions of "FENESTA" make or its equivalent approved (dazing shall be of 5 mm thick glass louvers. After fixing frame the gap between frame and adjacent finished wall shall be filled with weather proof silicon sealant over backer rod required size and of approved quality, all complete as per approved drawing & direction of Engineer-in-Charge	m^2	18.00	8,804.90	Rupees Eight Thousand Eight Hundred Four and Ninety Paise Only	1,58,488.20	Rupees One Lakh Fifty Eight Thousand Four Hundred Eighty Eight and Twenty Paise Only		
	(a3) Providing False Ceiling					-

Usable materials, if any, after dismantling shall be handed over to the Department (Nearest Civil Maintenance Section).	Each	1.00	373.10	Rupees Three Hundred Seventy Three and Ten Paise Only	373.10	Rupees Three Hundred Seventy Three and Ten Paise Only
43	Providing and laying cement concrete in 1:1.5:3 [1 Cement: 1.5 coarse sand: 3 graded stone aggregate 20 mm nominal size) as levelling course over terrace/ parapet including the cost of all formwork/ shuttering, materials, labours, compacting etc. complete as per drawings,detailed specifications and directions of Engineer- in - Charge	m^3	3.00	10,627.50	Rupees Ten Thousand Six Hundred Twenty Seven and Fifty Paise Only	31,882.50	Rupees Thirty One Thousand Eight Hundred Eighty Two and Fifty Paise Only
44	Supplying, fabricating and erecting in position Structural steel work with built up tubular (round, square or rectangular hollow tubes etc.) sections riveted, bolted or truss work (RRIS 66 x 33 x 4.5mm or other size runners) to the bottom of truss for holding the UPVC windows, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge.	kg	265.00	195.00	Rupees One Hundred Ninety Five Only	51,675.00	Rupees Fifty One Thousand Six Hundred Seventy Five Only
45	Painting MS runners with synthetic enamel paint in two or more coats of approved brand, colour and manufacture to give an even shade etc. complete as per detailed specifications and directions of the Engineer-in-Charge	m ²	12.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	1,982.40	Rupees One Thousand Nine Hundred Eighty Two and Forty Paise Only
46	Painting the existing steel columns/ stanchions & truss with synthetic enamel paint in two or more coats of approved brand, colour and manufacture to give an even shade after scrapping, sand papering, cleaning the surface etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m^2	70.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	11,564.00	Rupees Eleven Thousand Five Hundred Sixty Four Only
47	Providing precast cement concrete solid block masonry for walls of 20 / 15 /10cm thick with 1:24 (Icement: 2 coarse: 4 graded stone aggregate 20mm nominal size) with factory made cement concrete blocks of size 300x200x150mm and 300x100x150 in cement mortar 1:3 [1 cement: 3 sand] including scaffolding-raking out and grooving of joints, curing etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m^3	2.00	19,354.20	Rupees Nineteen Thousand Three Hundred Fifty Four and Twenty Paise Only	38,708.40	Rupees Thirty Eight Thousand Seven Hundred Eight and Forty Paise Only
48	Providing 12 mm thick plastering with cement mortar 1:4 (1cement : 4sand) for walls, trowelled hard including scaffolding, curing etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m ²	94.00	362.70	Rupees Three Hundred Sixty Two and Seventy Paise Only	34,093.80	Rupees Thirty Four Thousand Ninety Three and Eighty Paise Only
49	Providing and fixing Sandwitch PUF roofing sheets with 0.50mm thick Aluminium roofing sheet in top, 0.30mm Galvamum sheet in bottom and minimum 30mm PUFinsulation inbetween sheets (size, shape and pitch of corrugation as approved by Engineer-in-charge) with zinc coating 120 grams per sigm as per 1S:277, protective guard film of 25 micross minimum to avoid scratches during transportation, in single length upto 12 meter fixing to purlins with self drilling SS screws or 8mm dia SS I-hooks to suit to fix the solar panels above the roofing with EPDM seal etc. complete as per the drawing, detailed specifications and directions of Engineer-in-charge.	m²	382.00	2,805.00	Rupees Two Thousand Eight Hundred Five Only	10,71,510.00	Rupees Ten Lakh Seventy One Thousand Five Hundred Ten Only
50	Providing and fixing 11 l0mm 0D Class-II (4kg/cm2) PVC down pipes of approved make for rain water harvesting with necessary brackets, including, all necessary fittings and specials like door bends and tess, jointing, testing of joints, cutting masonry or concrete, floor slabs etc. and making good the same wherever necessary connecting the pipes to the tank, materials, labour etc complete as per drawings, detailed specifications and directions of the Engineer-in-charge.	m	159.00	414.60	Rupees Four Hundred Fourteen and Sixty Paise Only	65,921.40	Rupees Sixty Five Thousand Nine Hundred Twenty One and Forty Paise Only
51	Providing & fixing 150 x 100mm size type PVC Eaves Gutter of approved make for collecting roof water with necessary S5 brackets with all necessary fittings and jointing of gutter in line, level and water tight including all materials, scaffolding, labour etc complete as per drawings, detailed specifications and directions of Engineer-in-charge.	m	68.00	797.50		54,230.00	
52	Providing and fixing pre-coated galvanised steel sheet roofing accessories of Ridges plain (500-600mm wide) 0.50 mm (+ 0.05 %) total coated thickness, Zinc coating 120 grams per sq m as per 15:277, in 249 mps steel grade, 5-7 microns epoxy primer on both side of the sheet and polyester top coat 15-18 microns using self drilling/self tapping screws or 8mm dia] hooks to suit to fix the solar panels above the roofing with EPDM seal etc. complete, as per the drawings and directions of Engineer-in-Charge.	m	47.00	817.65		38,429.55	

53	Providing and applying premium quality 100% acrylic emulsion exterior finish paint (Weather coat by Berger or Nerolac Excel or Weather shield by ICT Duiss or Snowcry) XT-premium by Snowcem India Ltd.) in two coats over one coat of primer for walls to give a smooth and even shade including scaffolding, topping of all holes and depressions, applying putty for the entire surface, cleaning with sand paper etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m^2	1,050.00	174.80	Rupees One Hundred Seventy Four and Eighty Paise Only	1,83,540.00	Rupees One Lakh Eighty Three Thousand Five Hundred Forty Only
54	Providing and fixing ACP cladding system in position with solid aluminium sheet 1 mm thick and of sizes, shapes and profiles, as required as per the site conditions, to seal the gap between the building structure and all its interfaces with curtain glazing to make it watertight over the fabricated Aluminium alloy of 6005 TS brackets of required sizes, sections and profiles etc. to accommodate 3 Dimentional movement for achieving perfect verticality and fixing ACP pands system rigidity to the RCC/ masonry/structural steel framework of building structure using stainless steel anchor fasteners/ bolts, nylon sperator to prevent bimetallic contacts with nuts and washers etc. of stainless steel grade 316, of the required capacity and in required numbers. as per drawings, detailed specifications and directions of the Engineer-in-Charge. This item includes cost of all inputs of designing, labour for fabricating and installation of aluminium grid, installation of glazed units, T&P, scaffolding and other incidental charges including wastages etc., enabling temporary structures and services, cranes or cradles etc. as described above and as specified.	m²	174.00	4,008.20	Rupees Four Thousand Eight and Twenty Paise Only	6,97,426.80	Rupees Six Lakh Ninety Seven Thousand Four Hundred Twenty Six and Eighty Paise Only
55	Providing and fixing of 40 cm overall width plain G.S. sheet fixed with polymer coated J or L hooks, bolts and nuts, G.L limpet and bitumen washer complete, bent to shape and fixed in wall with cement mortar 1:3 (1 cement : 3 coarse sand) as per drawings, detailed specifications and directions of the Engineer-in-Charge	m	65.00	893.00	Rupees Eight Hundred Ninety Three Only	58,045.00	Rupees Fifty Eight Thousand Forty Five Only
56	Id21 Providing and fixing IEPVC windows and ventilators Providing and fixing factory made uPVC openable single/double leaf glazed door comprising of uPVC multi-chambered frame 67 x 64mm, sash 67 x 110mm and mullion(where ever required) with wall thickness of 2.3 ± 0.2 mm and single glazing bead / double glazing bead of appropriate dimensions having extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), uPVC extruded glazing beads ofappropriate dimension, EPDM gasket, zinc alloy (white powder coated) 30 hinges and one handle on each side of panels along with zinc plated mild steel multi point locking having transmission gear, cylinder with keeps and one side key, GI fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel screws, etc. using uPVC extrusions of "FENESTA" make or its equivalent approved with height max. upto 2300 mm. Glazing shall be of 8 mm toughened clear glass. After fixing frame the gap between frame and adjacent finished wall shall be filled with weather proof silicon sealent over backer rod of required size and of approved quality, all complete as per approved drawing & direction of Engineer-in-	m²	4.00	12,409.90	Rupees Twelve Thousand Four Hundred Nine and Ninety Paise Only	49,639.60	Rupees Forty Nine Thousand Six Hundred Thirty Nine and Sixty Paise Only
57	Providing and fixing factory made uPVC two track sliding and fixed window comprising of uPVC multi-chambered frame (big series) 67 × 50 mm & sash 46 × 62 mm both having wall thickness of 2.3 ± 0.2 mm and double glazing bead of appropriate dimension with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), appropriate dimension of uPVC extruded glazing beads, uPVC extruded interlocks and uPVC extruded inline sash adaptor (if required), double glazed with (6. + 12 + 6) mm hermetically sealed toughened glass using uPVC extrusions of "FENESTA" make or its equivalent approved including EPDM gaskets, wool pile, zinc alloy (white powder coated) handle on one side of extreme panel along with zinc plated mild steel multi point locking having transmission gear with keeps, stainless steel (SS 304 grade) body with adjustable double nylon rollers (weight bearing capacity to be 120 kg), G. I fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel servess, anchor disteners, including sill bottom drainage and rain track complete finishing etc. After	m²	65.00	9,393.90	Rupees Nine Thousand Three Hundred Ninety Three and Ninety Paíse Only	6,10,603.50	Rupees Six Lakh Ten Thousand Six Hundred Three and Fifty Paise Only
58	IG3) Providing Calcium Silicate false ceiling Providing and Ringi false ceiling at all heights with integral densified calcium silicate reinforced with fibre and natural filler false ceiling titles of Size 5955.95mm of approved texture, design and patterns having NRC (Noise Reduction coefficient) of 0.50 (minimum) as per IS8225.1987, light reflectance of 85% (minimum), no combustible as per IS8476 (part 6.8, fr), bumidity resistance of 100%, thermal conductivity <0.043 W/m K as per ASTM 518:1991, in true horizontal level suspended on interlocking metal T-Grid of hot dipped galvanised iron section of 0.33mm thick (galvanizad @ 120 grams per sqm including both sides) comprising of main-T runners of size 24438 mm of length 3000 mm, cross - T of size 24432 mm of length 600mm to form grid module of size 600 x 600 x 600 mm, suspended from ceiling using galvanised mild steel items (galvanizing @ 80 grams per sqm). E-50 mm long 8 mm outer diameter M-6 dash fasteners, 6 mm dia fully threaded hanger rod upto 1000 mm neight and L-5hape level adjuster of size 85x25x25x2 mm. Galvanised iron perimeter wall angle of size 24x24x0.40 mm of length 3000 mm to be fixed on periphery wall / (44) Filment of Non skidt tiles	m²	255.00	2,295.10	Rupees Two Thousand Two Hundred Ninety Five and Ten Palse Only	5,85,250.50	Rupees Five Lakh Eighty Five Thousand Two Hundred Fifty and Fifty Paise Only
59	Providing and laying vitrified floor tiles of size 600x600 mm or nearest avialble size of approved shade, make of Johnson or Khaljaria or Asian or Somany or Orient Bell with water absorption less than 0.08 % and conforming to 1S:15622 with true and square edges including providing mortar bed in cement mortar 1:4, 20mm thick, fixing the tiles with cement surviye 3.3 kg/s on, grouting and finishing the joints with tile Jointing powder of same colour and cleaning etc. complete as per detailed specifications and directions of the Engineer in charge (The purchase price of tiles shall be taken as Rs.120/sq.ft including all taxes)	m^2	217.00	2,039.30	Rupees Two Thousand Thirty Nine and Thirty Paise Only	4,42,528.10	Rupees Four Lakh Forty Two Thousand Five Hundred Twenty Eight and Ten Paise Only
60	Providing and laying dadoing for walls with 600x600mm Vitrified tiles of approved shade, make of Johnson or Khajaria or Asian or Sonany or Orient Bell with water absorption less than 0.08 % and conforming to IS:15622, including providing mortar bed in cement mortar 1:3, 12mm thick, fixing the tiles with cement slurry @ 3.3 kg/s and cleaning and finishing the joints with tile jointing powder of same colour and cleaning etc. complete as per detailed specifications and directions of the Engineer in charge. (The purchase price of tiles shall be taken as Rs. 120/sq.t including all taxes)	m²	11.00	2,100.90	Rupees Two Thousand One Hundred and Ninety Paise Only	23,109.90	Rupees Twenty Three Thousand One Hundred Nine and Ninety: Paise Only

84	Supplying, fabricating and erecting in position Structural steel work riveted, bolted or welded in truss work with 100x100x6 posts, and RHS 50x25mm runners, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge	Kg	2,025.00	195.00	Rupees One Hundred Ninety Five Only	3,94,875.00	Rupees Three Lakh Ninety Four Th Eight Hundred Seventy Five Only
85	Supplying, fabricating and erecting in position Structural steel work riveted, holted or welded in truss work with RHS <u>96x48x4mm rafters</u> / <u>66x33x4.5mm struts</u> <u>8 purlins</u> including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge	Kg	4,417.00	195.00	Rupees One Hundred Ninety Five Only	8,61,315.00	Rupees Eight Lakh Sixty One Thousan Hundred Fifteen Only
86	Supplying and fixing GI sheet 0.5mm thick fully corrugated roofing sheets over the truss work including fixing sheets to the framework using special aluminium extrusions, applying silicon sealant wherever necessary so as to make the roof water tight at all helpits as per manufacturers specifications etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ²	291.00	852.90		2,48,193.90	
87	Supplying and fixing 2mm thick polycarbonate solid fully corrugated coloured roofing sheets over the truss work including fixing sheets to the framework using special aluminium extrusions, applying silicon sealant wherever necessary so as to make the roof water tight at all heights as per manufacturers specifications etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ²	80.00	2,400.00	Rupees Two Thousand Four Hundred Only	1,92,000.00	Rupees One Lakh Ninety Two Thousand
88	Providing and fixing pre-coated galvanised steel sheet roofing accessories of Ridges plain (500-600mm wide) 0.50 mm (+ 0.05 %) total coated thickness, Zinc coating 12.0 grams per span as per IS-277, 1.240 map sated grade, 5-7 microns peopy primer on both side of the sheet and polyester top coat 15-18 microns using self drilling/self tapping screws or 8 mm dia hooks to suit to fix the solar panels above the roofing with EPDM seal etc. complete, as per the drawings and directions of Engineer-in-Charge	m	22.00	817.65	Rupees Eight Hundred Seventeen and Sixty Five Paise Only	17,988.30	Rupees Seventeen Thousand Nine I- Eighty Eight and Thirty Paise Only
89	Providing & fixing 150x100mm size type PVC Eaves Gutter of approved make for collecting roof water with necessary SS brackets with all necessary fittings and jointing of gutter in line, level and water proof joints including all materials, scaffolding, labour etc complete as er detailed specifications and directions of Engineer-in-charge.	m	49.00	797.50	Rupees Seven Hundred Ninety Seven and Fifty Paise Only	39,077.50	Rupees Thirty Nine Thousand Sevent and Fifty Paise Only
90	Providing and fixing rain water down pipes with 110 mm O.D. PVC pipe (Type- A) conforming to IS: 13592, of approved make with necessary brackets, clips, special shoe etc. including jointing with seal ring conforming to IS: 5382, leaving 10 mm gap for thermal expansion, (Single socketed pipes) etc complete as per detailed specifications and directions of Engineer-in-Charge.	m	55.00	414.60	Rupees Four Hundred Fourteen and Sixty Paise Only	22,803.00	Rupees Twenty Two Thousand Eight H Three Only

91	Painting steel columns & truss with synthetic enamel paint in two or more coats of approved brand, colour and manufacture to give an even shade over the priming coat already done including cost of all materials, labour etc. all complete as per detailed specifications and directions of Engineer-in-Charge	m^2	203.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	33,535.60	Rupees Thirty Three Thousand Five Hundred Thirty Five and Sixty Paise Only
92	Providing and applying premium quality 100% acrylic emulsion exterior finish paint (Weather coat by Berger or Nerola Exect or Weather shield by IC Dulux or Snowcryl XT-premium by Snowcen India Ltd.) in two coats over one coat of primer for walls to give a smooth and even shade including scaffolding, topping of all holes and depressions, applying putty for the entire surface, cleaning with sand paper etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m ²	198.00	174.80	Rupees One Hundred Seventy Four and Eighty Paise Only	34,610.40	Rupees Thirty Four Thousand Six Hundred Ten and Forty Paise Only
93	Providing and fixing used 50mm nominal bore 2.9mm thick GI Post to line and level & 25mm nominal bore 2.9mm thick GI runners (posts and runners will be supplied by depta- free of cost) with GI bolts, nuts and washes, including cost of all materials, labour, scaffolding etc. complete as per drawing, detailed specifications and directions of the Engineer-in-Charge.	Kg	313.00	42.00	Rupees Forty Two Only	13,146.00	Rupees Thirteen Thousand One Hundred Forty Six Only
94	Covering the sides of the shed with used 0.63mm G.I sheets (<u>sheets will be supplied by dept. free of cost</u>) by fixing to the GI Posts & runners with GI bolts, nuts and washes, including cost of all materials, labour, scaffolding etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ²	71.00	315.00	Rupees Three Hundred Fifteen Only	22,365.00	Rupees Twenty Two Thousand Three Hundred Sixty Five Only
95	Covering the sides of the shed using new GI sheets 0.63mm by fixing to the GI Posts & runners with GI bolts, nuts and washes, including cost of all materials, labour, scaffolding etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ²	132.00	815.00	Rupees Eight Hundred Fifteen Only	1,07,580.00	Rupees One Lakh Seven Thousand Five Hundred Eighty Only
96	Providing and fixing MS door with frame of 40x40x6mm angle iron, 3 mm MS, gusset plates at the junctions & corners and 1mm thick MS. sheet including all necessary fittings, applying a priming coat of approved steel primer etc. complete as per detailed specifications and directions of Engineer-in-charge.	m²	7.00	6,018.00	Rupees Six Thousand Eighteen Only	42,126.00	Rupees Forty Two Thousand One Hundred Twenty Six Only
97	Providing and fixing mild steel ventilator of size 100 x 30 cm, using 25x25x6mm MS angle frame and SS netting of 12mm square apurture including applying one coat of zinchromate primer & two coats of synthetic enamel painting to the MS angle frame etc. all complete as per detailed specifications and directions of Engineer-in-Charge	m ²	20.00	1,980.00	Rupees One Thousand Nine Hundred Eighty Only	39,600.00	Rupees Thirty Nine Thousand Six Hundred Only
98	Painting doors & ventilators with two coats of synthetic enamel paint. Painting steel doors & ventilators with synthetic enamel paint in two or more coats of approved brand, colour and manufacture to give an even shade over the priming coat already done including cost of all materials, labour etc. all complete as per detailed specifications and directions of Engineer- in-Charge	m²	26.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	4,295.20	Rupees Four Thousand Two Hundred Ninety Five and Twenty Paise Only
	4. Modifications to Technology Building at Jetty area						
99	[a] Provisioning of Security Shelter for CLSF Providing precast cement concrete solid block masonry, M15 grade using 20mm aggregates with factory made cement concrete blocks of size 300x200x150mm and 300x100x150mm in cement mortar 1:3 (1 cement: 3 sand) for dwarf wall including scaffolding rading out and growing of joints, curing etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ³	0.50	19,354.20	Rupees Nineteen Thousand Three Hundred Fifty Four and Twenty Paise Only	9,677.10	Rupees Nine Thousand Six Hundred Seventy Seven and Ten Paise Only
100	Providing 12 mm thick plastering with cement mortar 1:4 (1cement: 4sand) for inside and outside walls, trowelled hard including scaffolding, curing etc. complete as per drawings, detailed specifications and directions of the Engineer-in-Charge.	m ²	4.00	362.70	Rupees Three Hundred Sixty Two and Seventy Paise Only	1,450.80	Rupees One Thousand Four Hundred Fifty and Eighty Paise Only
101	Providing and applying premium quality 100% acrylic emulsion exterior finish paint in two coats over one coat of primer for walls to give a smooth and even shade including scaffolding, topping of all holes and depressions, cleaning with sand paper etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m ²	4.00	174.80	Rupees One Hundred Seventy Four and Eighty Paise Only	699.20	Rupees Six Hundred Ninety Nine and Twenty Paise Only
102	Providing and fixing factory made uPVC openable single/double leaf glazed door comprising of uPVC multi-chambered frame 67 x 64mm, sah 67 x 110mm and mullion(where ever required) with wall thickness of 2.3 ± 0.2 mm and single glazing head of appropriate dimensions having extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), uPVC extruded gaizing beads ofappropriate dimension, EPDM gasket, zinc alloy (white powder coated) 3D hinges and one handle on each side of panels along with zinc plated mild steel multi point locking having transmission gear, cylinder with keeps and one side key, C.I fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel screws, etc. using uPVC extrusions of *FENESTA* make or its equivalent approved with height max. upto 2300 mm. Glazing shall be of 8 mm toughened clear glass. After fixing frame the gap between frame and adjacent finished wall shall be filled with weather proof silicon sealent over backer rod of required size and of approved quality, all complete as per approved drawing & direction of Engineer-in-	m²	2.00	12,410.00	Rupees Twelve Thousand Four Hundred Ten Only	24,820.00	Rupees Twenty Four Thousand Eight Hundred Twenty Only
103	Providing and fixing factory made uPVC two track sliding and fixed window comprising of uPVC multi-chambered frame (big series) 67 x 50 mm & sash 46 x 62 mm both having wall thickness of 2.3 ± 0.2 mm and double glazing bead of appropriate dimension with in-built roller track and sash extruded profiles duly reinforced with 1.05 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), appropriate dimension of uPVC extruded algazing beads, uPVC extruded inline sash adaptor (if required), double glazed with (6 + 12 + 6) mm hermetically sealed toughened glase using uPVC extrustons of "EBRSTA" make or its equivalent approved including EPDM gaskets, wool pile, zinc alloy (white powder coated) handle on one side of extreme panel along with zinc plated mild setel multi point locking having transmission gear with keeps, stainless steel (SS 304 grade) body with adjustable double nylon rollers (weight bearing capacity to be 120 kg), G.I fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel screws, anchor fasteners, including sill bottom drainage and rain track complete finishing etc. After	m²	4.00	9,393.90	Rupees Nine Thousand Three Hundred Ninety Three and Ninety Paise Only	37,575.60	Rupees Thirty Seven Thousand Five Hundred Seventy Five and Sixty Palse Only

	+		•			•	
104	Providing and fixing factory made uPVC fixed window comprising of uPVC multi- chambered frame 47 x 50mm and mullion 47 x 68mm both having wall thickness of 1.940.2mmwith in-built roller track and sash extruded profiles duly reinforced with 1.66 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), appropriate dimension of uPVC extruded silned glazing beads, uPVC extruded inline roll miles ash adaptor (if required), double glazed with (6 + 12 + 6) mm hermetically sealed toughened glass using uPVC extrusions of "FENESTA" make or its equivalent approved including EPDM gaskets, wool pile, zinc alloy (white powder coated) handle on one side of extreme panel along with zinc plated mild steel multi point locking having transmission gear with keeps, stainless steel (SS 304 grade) body with adjustable double nylon rollers (weight bearing capacity to be 120 kg), G.I fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel screws, anchor fasteners, including sill bottom drainage and rain track complete finishing ext. After fixing frame the gap between frame and adjacent finished wall shall be filled with	m²	2.50	8,804.90	Rupees Eight Thousand Eight Hundred Four and Ninety Puise Only	22,012.25	Rupees Twenty Two Thousand Twelve and Twenty Five Paise Only
105	Providing and laying Plain cement concrete of M20 grade with 20 mm aggregates for raising the floor, properly mixed and consolidated with and rammers, including side shuttering, spreading, compacting, cost and conveyance of all materials, labour, etc. complete as per drawing, detailed specifications and direction of the Engineer-in- charge.	m^3	1.00	9,799.40	Rupees Nine Thousand Seven Hundred Ninety Nine and Forty Paise Only	9,799.40	Rupees Nine Thousand Seven Hundred Ninety Nine and Forty Paise Only
106	Providing and laying vitrified floor tiles of minimum size 600x600 mm or aviable higher size of approved shade with true and square edges including providing matched in cement mortar 1-4, 20mm thick, fixing the tiles with cement slurry, grouting and finishing the joints with cemen based tile jointing powder of same colour and deaning etc. complete as per detailed specifications and directions of the Engineer in charge. (The purchase price of tiles shall be taken as Rs.120/sq.ft including all taxes)	m^2	2.50	2,039.30	Rupees Two Thousand Thirty Nine and Thirty Paise Only	5,098.25	Rupees Five Thousand Ninety Eight and Twenty Five Paise Only
107	Providing and laying Vitrified tiles of approved shade, in skirting with 150mm height, including providing mortar bed in cement mortar 1:3, 12mm thick, fixing the tiles with cement slurry, grouting and finishing the joints with cement slurry grouting and finishing the joints with cement based tile jointing powder of same colour and cleaning etc. complete as per detailed specifications and directions of the Engineer in charge. (The purchase price of tiles shall be taken as Rs.120/sq.ft including all taxes)	m ²	1.00	2,100.90	Rupees Two Thousand One Hundred and Ninety Paise Only	2,100.90	Rupees Two Thousand One Hundred and Ninety Paise Only
108	Supplying, fabricating and erecting in position Structural steel work with tubular sections (round, square or rectangular hollow tubes) revieted, botted or welded in truss work with RHS 10x010x6 pose (6.98kg/m or other size, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge	Kg	113.00	195.00	Rupees One Hundred Ninety Five Only	22,035.00	Rupees Twenty Two Thousand Thirty Five Only
109	Providing and fixing M.S. grills to openings with rawl plugs screws etc. of required pattern with M.S. flats, square or round bars etc. including priming coat with approved epoxy steel primer all complete as per drawings, specifications and directions of Engineer-in-charge.	Kg	62.00	249.40	Rupees Two Hundred Forty Nine and Forty Paise Only	15,462.80	Rupees Fifteen Thousand Four Hundred Sixty Two and Eighty Paise Only
110	Painting grills with synthetic enamel paint in two or more coats of approved brand, colour and manufacture to give an even shade over the priming coat already done including cost of all materials, labour etc. all complete as per detailed specifications and directions of Engineer-in-Charge	m ²	6.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	991.20	Rupees Nine Hundred Ninety One and Twenty Paise Only
111	Providing and fixing Glass Reinforced Gypsum (GRG) plaster board 75 mm overall trickness partition with 12.5 mm thick double skin fire rated conforming to 15: 2095: (part 3): 1996 (Board withB1S certification marks) partition upto celling height consisting of G.I. frame and required board, including providing and fixing of frame work made of special section power pressed/ roll form G.I. sheet with zinc coating of 120 gms/sqm (both side inclusive), consisting of floor and celling channel 50mm wide having equal flanges of 32 mm and 0.50 mm thick, fixed to the floor and celling at the spacing of 610 mm centre to centre with dash fastener of 12.5 mm dia meter 50 mm length or suitable anchor fastener or metal screws with nylon plugs and the studs 48 mm wide having one flange of 34mm and other flange 36 mm and 0.50 mm thick fixed vertically within flanges of floor and celling channel and placed at a spacing of 610 mm centre to centre by 6 mm dia bolts and nuts, including fixing of studs along both ends of partition fixed flush to wall with suitable anchor fastener or metal screws with nylon plugs at spacing of 450 mm centre to centre, and fixing of boards to both side of frame work by 25 mm long dry wall screws on studs, floor and celling channels at the spacing of 300 mm centre to centre, and be fixed to the fixed to fframe work thy loints	m²	10.00	2,366.30	Rupees Two Thousand Three Hundred Sixty Six and Thirty Paise Only	23,663.00	Rupees Twenty Three Thousand Six Hundred Sixty Three Only
112	Providing and fixing Fiber Glass Reinforced plastic (FRP) Door Frames of cross-section 90 mm x 45 mm having single rebate of 32 mm x 15mm to receive shutter of 30 mm thickness. The laminate shall be moulded with fire resistant grade unsaturated polyester resin and chopped mat. Door frame laminate shall be 2mm thick and shall be filled with suitable wooden block in all the three legs. The frame shall be covered with fiber glass from all sides. MS. stay shall be provided at the bottom to steady the frame all complete as per drawings, specifications and directions of Engineer-in-charge.	m	6.00	923.90	Rupees Nine Hundred Twenty Three and Ninety Paise Only	5,543.40	Rupees Five Thousand Five Hundred Forty Three and Forty Palse Only
113	Providing and fixing 30 mm thick Glass Fibre Reinforced Plastic (FRP) panelled door shutter of required colour and approved brand and manufacture, made with fire retardant grade unsaturated polyester resin, moulded to 3 mm thick FRP laminate for forming hollow rails and styles, with wooden frame and suitable blocks of seasoned wood inside at required places for fixing of fittings, cast monolithically with 5 mm thick FRP laminate for panels conforming to IS: 14856, including fixing to frames all complete as per drawings, specifications and directions of Engineer-in-charge.	m²	2.00	4,709.10	Rupees Four Thousand Seven Hundred Nine and Ten Paise Only	9,418.20	Rupees Nine Thousand Four Hundred Eighteen and Twenty Paise Only
114	(b) Providing louvers Providing and fixing Aluminum Composite Panel (ACP) louvers with frame for covering the duct of size 1.3m wide and 6m depth with provision for openable shutter for maintenance purpose including cost of all materials, labour etc complete as per detailed specifications and directions of Engineer-in-charge.	m ²	10.00	6,760.00		67,600.00	

Providing and fixing ACP cladding system in position with solid aluminium sheet 1 mm						
thick and of sizes, shapes and profiles, as required as per the site conditions, to to cover the exposed pipelines in first & second floor and all its interfaces with curtain glazing to make it watertight over the fabricated Aluminium alloy of 6005 TS brackets of required sizes, sections and profiles etc. to accommodate 3 Dimentional movement for achieving perfect verticality and fixing ACP panel system rigidly to the RCC/masonry/structural steel framework of building structure using stainless steel anchor fasteners/ bolts, nylon seperator to prevent bimetallic contacts with nuts and washers etc. of stainless steel grade 316, of the required capacity and in required numbers. as per drawings, detailed specifications and directions of the Engineer-in-Charge. This item includes cost of all inputs of designing, labour for fabricating and installation of aluminiumgrid, installation of glazed units. T&Ps, scaffolding and other incidental charges including wastages etc., enabling temporary structures and services, cranes or cradles etc. as described above and as specified.	m²	20.00	4,008.20		80,164.00	
Providing and fixing 1200mm high hand rails over roof parapet with stainless stell (grade 316) 16 gauge thick pipes consits of 65mm dia top rail with 65mm dia. SS pipe and 25mm x 25mmx4mm SHS verticals (max. 30cm spacing) including cutting, bending all the corners smoothly, providing suitable caps at floor level to each post, cost of all materials and labour etc. complete as per drawings, detailed specifications	Kg	849.00	970.00	Rupees Nine Hundred Seventy Only	8,23,530.00	Rupees Eight Lakh Twenty Three Thousand Five Hundred Thirty Only

130	Providing and filling of the existing expansion joints with Polysulphide Sealant including cleaning the surface with wire brush to remove dirt, dust, laitance, soft mortar etc, treating the damaged edges after treating the surface with Fosroc Nitomoratr 30 or equivalent materials, providing backer rods of suitable diameter over the polyethylene filler board, priming with Fosroc Primer F2 primer 4 or equivalent, laying expansion joint sealant with Fosroc Thioftex 600 or equivalent all including cost of all materials, labour etc complete as per detailed specifications and directions of Enginer-in-charge. [3] Modifications to Security Building near Connecting Bridge	m	70.00	1,650.00	Rupees One Thousand Six Hundred Fifty Only	1,15,500.00	Rupees One Lakh Fifteen Thousand Five Hundred Only
131	Supplying, fabricating and erecting in position Structural steel work tubular sections (round, square or rectanglar hollow tubes) riveted, boiled or welded for MS Post (IOMx100x6mm or other sections), including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge	Kg	337.00	195.00	Rupees One Hundred Ninety Five Only	65,715.00	Rupees Sixty Five Thousand Seven Hundred Fifteen Only
132	Supplying, fabricating and erecting in position Structural steel work with tubular sections (round, square or rectanglar hollow tubes) riveted, bolted or welded for MS runners (RIS 66x33x4.5mm) for fixing IPVC windows, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge	Кg	238.00	195.00	Rupees One Hundred Ninety Five Only	46,410.00	Rupees Forty Six Thousand Four Hundred Ten Only
133	Painting steel structural work with synthetic enamel paint in two or more coats on new work of approved brand, colour and manufacture to give an even shade etc. complete as per detailed specifications and directions of the Engineer-in-Charge	m ²	19.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	3,138.80	Rupees Three Thousand One Hundred Thirty Eight and Eighty Paise Only
134	Providing and fixing factory made uPVC openable single/double leaf glazed door comprising of uPVC until-thambered frame 67 x 64mm, sash 67 x 110mm and mullion(where ever required) with wall thickness of 23 ± 0.2 mm and single glazing bead / double glazing bead of appropriate dimensions having extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), uPVC extruded glazing beads of appropriate dimension, EPDM gasket, zinc alloy (White powder coated) 3D hinges and one handle on each side of panels along with zinc plated mild steel multip onit locking having transmission gear, cylinder with keeps and one side key, GI fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stailess steel screws, etc. using uPVC extrusions of *FENESTA* make or its equivalent approved with height max upto 2300 mm. Glazing shall be of 8 mm toughened clear glass. After fixing frame the gap between frame and adjacent finished wall shall be filled with weather proof silicon sealent over backer rod of required size and of approved quality, all complete as per approved drawing & direction of Engineer-in-Charge.	m²	1.90	12,410.00	Rupees Twelve Thousand Four Hundred Ten Only	23,579.00	Rupees Twenty Three Thousand Five Hundred Seventy Nine Only
135	Providing and fixing factory made uPVC two track sliding and fixed window comprising of uPVC multi-chambered frame (big series) 67 x 50 mm & sash 46 x 62 mm both having wall thickness of 2.3 a 0.2 mm and double glazing bead of appropriate dimension with in-built roller track and sash extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uPVC profile), appropriate dimension of uPVC extruded glazing beads, uPVC extruded interlocks and uPVC extruded inline sash adaptor (If required), double glazed with (6 + 12 + 6) mm hermetically sealed toughened glass using uPVC extrusions of "FENESTA" make or its equivalent approved including EPDM gaskets, wool plue, zincalloy (white powder coated) handle on one side of extreme panel along with zinc plated mild steel multi point locking having transmission gear with keeps, stainless steel (SS 304 grade) body with adjustable double mylon rollers (weight bearing capacity to be 120 kg), G.I fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel screws, anchor	m²	14.00	9,393.90	Rupees Nine Thousand Three Hundred Ninety Three and Ninety Paise Only	1,31,514.60	Rupees One Lakh Thirty One Thousand Five Hundred Fourteen and Sixty Paise Only
136	Providing and fixing factory made uFVC fixed window comprising of uFVC multi- chambered frame 47 x 50 mm 8 million 47 x 68 mm both having wall thickness of 1.9 ± 0.2 mm with in-built roller track and sash extruded profiles duly reinforced with 1.60 ± 0.2 mm thick galvanized mild steel section made from roll forming process of required length (shape & size according to uFVC profile), appropriate dimension of UFVC extruded glazing beads, uFVC extruded inliner focks and uFVC extruded inline sash adaptor (if required), double glazed with (6 + 12 + 6) mm hermetically sealed toughened glass using uFVC extrusions of "FENESTA" make or its equivalent approved including EPDM gaskets, wool pile, zinc alloy (white powder coated) handle on one side of extreme panel along with zinc plated mild steel multi point focking having transmission gear with keeps, stainless steel (SS 304 grade) body with adjustable double nylon rollers (weight bearing capacity to be 120 kg), Gl fasteners 100 x 8 mm size for fixing frame to finished wall and necessary stainless steel screws, anchor fasteners, including sill bottom drainage and rain track complete finishing etc. After fixing frame the gap between frame and adjacent finished wall shall be filled with	m²	6.00	8,804.90	Rupees Eight Thousand Eight Hundred Four and Ninety Paise Only	52,829.40	Rupees Fifty Two Thousand Eight Hundred Twenty Nine and Forty Paise Only
137	Supplying and fixing of vertical Venetian blinds 100 mm wide of Vista / Max make or equivalent with all accessories to the windows including fixing etc., The Rate is including cost and conveyance of all materials, labour charges and all operational, incidental charges etc., complete as per detailed specifications and directions of Engineer-in-Charge.	m ²	16.00	2,000.00	Rupees Two Thousand Only	32,000.00	Rupees Thirty Two Thousand Only

138	Providing and fixing false ceiling at all heights with integral densified calcium silicate reinforced with fibre and natural filler false ceiling tiles of Size 595595mm of approved texture, design and patterns having NRC (Noise Reduction coefficient) of 0.50 (minimum) as per IS-8225-1987, light reflectance of 85% (minimum), non combustible as per BS-476 (part 6.87, humidity resistance of 100%, thermal conductivity <0.043 W/m K as per ASTM 518:1991, in true horizontal level suspended on interlocking metal T-Grid of hot dipped galvanised iron section of 0.33mm thick (galvanized @ 120 grams per spm including both sides) comprising of length 1200 mm and secondary intermediate cross-T of size 24x32 mm of length 600mm to form grid module of size 600 x 600 mm, suspended from ceiling using galvanised mild steel items (galvanizing @ 80 grams per sqm) i.e. 50 mm long, 81 mm outer diameter M-6 dash fasteners, 6 mm dia fully threaded hanger rod upto 1000 mm length and L-shape level adjuster of size 85x25x25x2 mm. Galvanised iron perimeter wall angle of size 24x43c4 mm of length 3000 mm to be fixed on periphery wall / partition with the help of plastic rawl plugs at 450 mm center to center and 40 mm long dry wall SS screws etc. complete as oper drawings, detailed specifications and directions of Engineer-in-Charge.	m²	15.00	2,295.20	Rupees Two Thousand Two Hundred Ninety Five and Twenty Paise Only	34,428.00	Rupees Thirty Four Thousand Four Hundred Twenty Eight Only
139	Providing and applying weather resistant premium quality 100% acrylic emulsion exterior finish paint of approved make and shade in two coats over one coat of primer for walls to give a smooth and even shade including scaffolding, topping of all holes and depressions, applying putty for the entire surface, cleaning with sand paper etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m^2	32.00	174.80	Rupees One Hundred Seventy Four and Eighty Paise Only	5,593.60	Rupees Five Thousand Five Hundred Ninety Three and Sixty Palse Only
140	Providing and laying vitrified floor tiles of size 600x600 mm or nearest availble size of approved shade, make of Johnson or Khajaria or Asian or Somanyor Orient Bell with water absorption less than 0.08 % and conforming to IS:15622 with true and square edges including providing mortar bed in cement mortar 1:4, 20mm thick, fixing the tiles with cement surry @ 3.3 kg/ so, m, grouting and finishing the joints with tile jointing powder of same colour and cleaning etc. complete as per detailed specifications and directions of the Engineer in charge. (The purchase price of tiles shall be taken as Rs.120/sq.ft including all taxes)	m ²	15.00	2,039.30	Rupees Two Thousand Thirty Nine and Thirty Paise Only	30,589.50	Rupees Thirty Thousand Five Hundred Eighty Nine and Fifty Paise Only
141	Providing and laying Vitrified tiles of approved shade, in skirting with 150mm height and width to suit flooring, including providing mortar bed in cement mortar 1:3, 12mm thick, fixing the tiles with cement slurry, grouting and finishing the joints with cement based tile jointing powder of same colour and cleaning etc. complete as per detailed specifications and directions of the Engineer in charge. (The purchase price of tiles shall be taken as Rs.120/sq.ft including all taxes)	m^2	3.00	2,100.90	Rupees Two Thousand One Hundred and Ninety Paise Only	6,302.70	Rupees Six Thousand Three Hundred Two and Seventy Paise Only
142	Supplying, fabricating and erecting in position Structural steel work with builtup tubular sections (round, square or rectangular hollow tubes etx) riveted, bolted or welded in truss work 66x33x4.5 rafters, strust & purlins, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge.	Kg	393.00	195.00	Rupees One Hundred Ninety Five Only	76,635.00	Rupees Seventy Six Thousand Six Hundred Thirty Five Only
143	Providing and fixing Sandwitch PUF roofing sheets with 0.50mm thick Aluminium roofing sheet in top, 0.30mm Galvanum sheet in bottom and minimum 30mm PUFinsulation inbetween sheets (size, shape and pitch of corrugation as approved by Engineer-in-charge) with zinc coating 120 grams per sgm as per IS:277, protective guard film of 25 microsm inimum to avoid scratches during transportation, in single length upto 12 meter fixing to purlins with self drilling SS screws or 8mm dia SS J-hooks to suit to fix the solar panels above the roofing with EPDM seal etc. complete as per the drawing, detailed specifications and directions of Engineer-in-charge.	m^2	36.00	2,805.00	Rupees Two Thousand Eight Hundred Five Only	1,00,980.00	Rupees One Lakh Nine Hundred Eighty Only
144	Painting M S truss with synthetic enamel paint in two or more coats on new work of approved brand, colour and manufacture to give an even shade including sand papering, cleaning surface etc. complete as per detailed specifications and directions of the Engineer-in-Charge	m^2	17.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	2,808.40	Rupees Two Thousand Eight Hundred Eight and Forty Paise Only
145	Providing and fixing pre-coated galvanised steel sheet roofing accessories of Ridges plain [500-60mm wide) L50 mm (+ 0.05 %) total coated thickness. Zinc coating 20 grams per sqm as per IS:277, in 240 mpa steel grade, 5-7 microns epoxy primer on both side of the sheet and polyester top coat 15-18 microns using self drilling/self tapping screws or 8mm dia J hooks to suit to fix the solar panels above the roofing with EPDM seal etc. complete, as per the drawings and directions of Engineer-in-Charge.	m	7.00	817.65	Rupees Eight Hundred Seventeen and Sixty Five Paise Only	5,723.55	Rupees Five Thousand Seven Hundred Twenty Three and Fifty Five Paise Only
146	Providing & fixing 150x100mm size type PVC Eaves Gutter of approved make for collecting roof water with necessary St brackets with all necessary fittings and jointin of gutter in line, level and watertight including all materials, scaffolding, labour etc complete as per drawings, detailed specifications and directions of Engineer-in-charge.	m	14.00	797.50	Rupees Seven Hundred Ninety Seven and Fifty Paise Only	11,165.00	Rupees Eleven Thousand One Hundred Sixty Five Only
147	Providing and fixing 110mm OD Class-II (4kg/cm2) PVC down pipes of approved make for rain water harvesting with necessary brackets, including all necessary fittings and specials like door bends and tees, jointing, testing of joints, cutting masonry or concrete, floor slabs etc. and making good the same wherever necessary connecting the pipes to the tank, materials, labour etc complete as per drawings, detailed specifications and directions of the Engineer-in-charge.	m	40.00	414.60	Rupees Four Hundred Fourteen and Sixty Paise Only	16,584.00	Rupees Sixteen Thousand Five Hundred Eighty Four Only
148	Providing Guard Piles near Approach Bridge & Jetty Supplying and fabricating and 500 mm dia tubular fender piles using MS pipes of 10mm shell thickness including cost of all materials, labour, cutting, rolling, welding, painting above chart datum with one cost of epoxy primer and 2 costs of enamel paint et complete for guard piles in water to the required length (approx. length -20m) as perdrawings, detailed specifications and directions of the Engineer-in-charge.	Т	116.80	1,58,000.00	Rupees One Lakh Fifty Eight Thousand Only	1,84,54,400.00	Rupees One Crore Eighty Four Lakh Fifty Four Thousand Four Hundred Only

149	Transporting the fabricated MS guard piles fabricated as per Item no.148 above from the fabrication yard to pile loaction, handling, pitching and driving the MS pipes to required level and verticality including settling for piling rigs/ gantry in position, temporary works for driving piles etc. complete all as per drawings, detailed specifications and directions of Regineer-in-charge.	Each	41.00	45,000.00	Rupees Forty Five Thousand Only	18,45,000.00	Rupees Eighteen Lakh Forty Five Thousand Only
150	Specifications and indirections of unginter-including. Supplying and fabricating 300 mm dia tubular bracings using MS pipes of 10mm shell thickness and welding the bracings between the guard piles at two levels including cost of all materials, labour, cutting, rolling, welding, painting with one coat of epoxy primer and 2 coats of enamel paint etc complete in water to the required length (approxlength: ~2m) as per the drawings, detailed specifications and directions of the Engineer-in-charge.	Т	23.75	1,61,000.00	Rupees One Lakh Sixty One Thousand Only	38,23,750.00	Rupees Thirty Eight Lakh Twenty Three Thousand Seven Hundred Fifty Only
	(1) Providing hard-wearing skid resistant flexible coating on the deck slab					-	
151	Providing and applying hard wearing, skid resistant, flexible protection system Traffic guard UR150 systems or approved equivalentover deck slab of Jety Head and Approach Trestle, consist of multiple layers of Traffic guard UR150 Primer/ Nitoprime 30 or approved equivalent to the prepared surface at an application rate in the range 0.2 to 0.3 It/m2 including cost of material, labour, equipment necessary for surface preparation etc complete as per detailed specifications and directions of Engineer-incharge.	m ²	4,070.00	830.00		33,78,100.00	
	(2) Providing cantilever lean-to-roof for the parking area of Technology Building					-	
152	Supplying, fabricating and erecting in position Structural steel work with built up tubular sections (round, square or rectangular hollow tubes) riveted, bolted or welded in truss work with RIIS members (6x633x2-9mr arters 25x5x2-6mm struts & purlins, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge	Kg	264.00	138.30	Rupees One Hundred Thirty Eight and Thirty Paise Only	36,511.20	Rupees Thirty Six Thousand Five Hundred Eleven and Twenty Paise Only
153	Providing and fixing Sandwitch PUF roofing sheets with 0.50mm thick Aluminium roofing sheet in bopt, 30mm Galvanum sheet in bottom and minimium 30mm PUFInsualation inhetween sheets (size, shape and pitch of corrugation as approved by Engineer-in-charge) with zinc coating 120 grams per sgm as per IS:277, protective guard film of 25 microan minimum to avoid scratches during transportation, in single length upto 12 meter fixing to purlins with self drilling SS screws or 8mm dia SS J-hooks to suit to fix the solar panels above the roofing with EPDM seal etc. complete as per the drawing, detailed specifications and directions of Engineer-in-charge.	m ²	22.00	2,805.00	Rupees Two Thousand Eight Hundred Five Only	61,710.00	Rupees Sixty One Thousand Seven Hundred Ten Only
154	Providing and fixing AEP cladding system in position with solid aluminium sheet 1 mm thick and of sixes, shapes and profiles, as required as per the site conditions, to seal the gap between the building structure and all its interfaces with curtain glazing to make it watertight over the fabricated Aluminium alloy of 6005 T5 brackets of required sizes, sections and profiles etc. to accommodate 3 Dimentional movement for achieving perfect verticality and fixing ACP panel system rigidity to the RCC/ masonny/structural steel framework of building structure using stainless steel anchor fasteners/ bolts, nylon seperator to prevent bimetallic contacts with nuts and washers etc. of stainless steel grade 316, of the required capacity and in required numbers. as per drawings, detailed specifications and directions of the Engineer-in-Charge. This item includes cost of all inputs of designing, labour for fabricationg and installation of aluminium grid, installation of glazed units, T&P, scaffolding and other incidental charges including wastages etc., enabling temporary structures and services, cranes or cradles etc. as described above and as specified.	m²	65.00	4,008.20	Rupees Four Thousand Eight and Twenty Paise Only	2,60,533.00	Rupees Two Lakh Sixty Thousand Five Hundred Thirty Three Only
155	Painting steel structural work with synthetic enamel paint in two or more coats on new work of approved brand, colour and manufacture to give an even shade etc. complete as per detailed specifications and directions of the Engineer-in-Charge	m^2	17.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	2,808.40	Rupees Two Thousand Eight Hundred Eight and Forty Paise Only
156	Providing and fixing 150x100 size type PVC gutter of approved make for collecting roof water, with necessary SS brackets with all necessary fittings and jointing of gutter in line and level including scaffolding, labour etc. complete as per detailed specifications and directions of Engineer- in -Charge.	m	13.00	817.65	Rupees Eight Hundred Seventeen and Sixty Five Paise Only	10,629.45	Rupees Ten Thousand Six Hundred Twenty Nine and Forty Five Paise Only
157	Providing and fixing 110mm dia Class-II (4kg/cm2) PVC down pipes of approved make for rain water harvesting with necessary brackets, including all necessary fittings and specials like door bends and tees, jointing, testing of joint cutting masonry or concrete, floor slabs etc. and making good the same wherever necessary connecting the pipes to the tanklabour etc complete as per detailed specifications and directions of the Engineer-in-charge.	m	6.00	414.60	Rupees Four Hundred Fourteen and Sixty Paise Only	2,487.60	Rupees Two Thousand Four Hundred Eighty Seven and Sixty Paise Only
158	Core cutting the RCC deck slab (max. 350mm thick) using suitable mechanical devices for inserting the Rain water down pipe 110mm dia including cost of equipements, labour etc complete as per detailed specifications and directions of Enginer-in-charge	No.	1.00	1,750.00	Rupees One Thousand Seven Hundred Fifty Only	1,750.00	Rupees One Thousand Seven Hundred Fifty Only
	(3) Providing readymade rectangular OH tank at the starcase roof top of security building					-	
159	Providing and placing on spiral stair rosofsab, polyethylene water storage tank, [1000] lit. capacity) ISI: 12701 marked with food grade plastic, with cover and suitable locking arrangement and making necessary holes for inlet, outlet and overflow pipes but without fittings as per detailed specifications and directions of Engineer-in-charge.	Lit	1,000.00	12.00	Rupees Twelve Only	12,000.00	Rupees Twelve Thousand Only
160	Providing Water supply connections to OH water tank Providing and fixing 32 mm nominal dia Chlorinated Polyvinyl Chloride (CPVC) pipes having thermal stability for hot & cold water supply including all CPVC plain & brass threaded fittings including jointing of pipes & fittings with one step CPVC solvent cement, trenching refilling & testing of joints, labour etc. complete as per detailed specifications and direction of Engineer in Charge.	m	25.00	653.10	Rupees Six Hundred Fifty Three and Ten Palse Only	16,327.50	Rupees Sixteen Thousand Three Hundred Twenty Seven and Fifty Paise Only
161	Providing and fixing 20 mm nominal dia.Chlorinated Polyvinyl Chloride (CPVC) pipes having thermal stability for hot & cold water supply including all CPVC plain & brass threaded fittings including jointing of pipes & fittings with one step CPVC solvent cement, trenching, refilling & testing of joints, labour etc. complete as per detailed specifications and direction of Engineer in Charge.	m	25.00	417.20	Rupees Four Hundred Seventeen and Twenty Paise Only	10,430.00	Rupees Ten Thousand Four Hundred Thirty Only
	specifications and direction of Engineer in Charge.						

162	Supplying, and fixing superior quality 32mm Gate valve of "LEADER"/ hudco make or equivalent approved make with ISI-mark including necessary hardware, high or low pressure, with plastic floats complete as per detailed specifications and directions of Engineer-in-charge.	Each	1.00	789.90	Rupees Seven Hundred Eighty Nine and Ninety Paise Only	789.90	Rupees Seven Hundred Eighty Nine and Ninety Paise Only
	(4) Shifting of present OH tank on the roof top of security building					-	
163	Dismantling and taking down the polyethylene water storage tank, (750 lit. capacity.) from the roof top including all all water suppy lines as per detailed specifications and directions of Engineer-in-Charge.	No.	1.00	3,300.00		3,300.00	
	(5) Providing suitable access to the new OH tank at the staircase roof top of security building					-	
164	Supplying, fabricating and erecting in position Structural steel work with built up tubular setions (round, square or rectangular hollow tubes) riveted, botted or welded for ladder with RHS members, including cutting, hoisting, fixing in position and applying a priming coat of approved steel primer etc. complete as per drawings, detailed specifications and directions of Engineer-in-Charge.	Kg	268.00	195.00	Rupees One Hundred Ninety Five Only	52,260.00	Rupees Fifty Two Thousand Two Hundred Sixty Only
165	Painting ladder with synthetic enamel paint in two or more coats of approved brand, colour and manufacture to give an even shade etc. complete as per detailed specifications and directions of the Engineer-in-Charge	m ²	22.00	165.20	Rupees One Hundred Sixty Five and Twenty Paise Only	3,634.40	Rupees Three Thousand Six Hundred Thirty Four and Forty Paise Only
	(6) Providing Granite top counter top at Securtiy building					-	
166	Fabricating and fixing SS frame with SHS 40x40x4 @ 2.7kg/m for supporting granite counter, including cutting, fabricating, fixing rigidly in correct alignment and position all complete as per drawing, detailed specifications and directions of Engineer-in-charge	Kg	43.00	990.00	Rupees Nine Hundred Ninety Only	42,570.00	Rupees Forty Two Thousand Five Hundred Seventy Only
167	Providing and fixing Granite slab 25mm thick [Jet Black, Cherry Red, Elite Brown, Cat Eye or equivalent) in required design and patterns, for counters over SS frame work including rubbing, curing, polishing, materials, labour, fixing to SS frame with SS fixtures etc. all complete as per drawings, detailed specifications and directions of the Engineer-in-Charge. (The purchase price of granite stone shall be taken as Rs.228/sq.ft including all taxes)	m ²	1.00	5,446.60	Rupees Five Thousand Four Hundred Forty Six and Sixty Paise Only	5,446.60	Rupees Five Thousand Four Hundred Forty Six and Sixty Paise Only
168	Providing edge moulding to 25mm thick granite slab to give high gloss finish etc. complete as per detailed specifications and directions of Engineer-in-Charge	m	3.00	511.30		1,533.90	
	(7) Re orientation / relaying of plumbing system of Technol; ogy building to provide option of filling of tanks either directly or by using pumps					•	
	Providing and fixing 50 mm nominal dischlorinated Polyvinyl Chloride (CPVC) pipes having thermal stability for hot & cold water supply including all CPVC plain & brass threaded fittings, jointing of pipes & fittings with one step CPVC solvent cement, testing of joints, labour etc. complete as per detailed specifications and direction of Engineer in Charge.	m	50.00	1,075.90	Rupees One Thousand Seventy Five and Ninety Paise Only	53,795.00	Rupees Fifty Three Thousand Seven Hundred Ninety Five Only
170	Supplying and fixing superior quality 2" dia Gun metal float valve of "LEADER"/ hudco make or equivalent with ISI-mark includingcost of all materials, labour etc.complete as per detailes specifications and directions of Engineer-in-charge.	Each	2.00	7,860.00	Rupees Seven Thousand Eight Hundred Sixty Only	15,720.00	Rupees Fifteen Thousand Seven Hundred Twenty Only
171	Core cutting the RCC side wall of sump tank (max. 250mm thick) using suitable mechanical devices for inserting the CPVC pipe 50 mm dia inclduing cost of equipments, labour etc complete as per detailed specifications and directions of Engineer-in-charge.	Each	3.00	3,260.00	Rupees Three Thousand Two Hundred Sixty Only	9,780.00	Rupees Nine Thousand Seven Hundred Eighty Only

	(8) Provisiding Manhole covers in the equipment room of technology building						
172	Providing and fixing teak wood frame with teak wood member of size $5 \text{cm x} 5 \text{cm for}$ Manhole covering (opening size $93 \times 92 \text{cm}$) including cost of all materials labour etc complete as per detailed specifications and directions of Engineer-in-charge.	m ³	0.70	2,53,000.00	Rupees Two Lakh Fifty Three Thousand Only	1,77,100.00	Rupees One Lakh Seventy Seven Thousand One Hundred Only
173	Providing and laying flamed finish Granite stone 40mm thick (Jet Black, Cherry Red, Elite Brown, Cat Eye or equivalent) over the teak wood frame as Manhole cover including cost of all materials labour etc complete as per detailed specifications and directions of Engineer-in-charge.	m ²	4.00	7,250.00	Rupees Seven Thousand Two Hundred Fifty Only	29,000.00	Rupees Twenty Nine Thousand Only
174	[9] Berouting exhaust duct of the tollet at GF of Technology building Providing & fixing 110mm PVC Pipe at ceiling level for exhaust in GF Toilet including fixing with MS Clamps, clips including cost of all materials labour etc complete as per detailed specifications and directions of Engineer-in-charge	m	10.00	414.60	Rupees Four Hundred Fourteen and Sixty Paise Only	4,146.00	Rupees Four Thousand One Hundred Forty Six Only
	(10) Providing Electronic Toilets behind new Security building for Guest workers					-	
175	Supply, installation, testing & commissioning of modular, unmanned and automated environment friendly pre-fabricated electronic public toilets made of stainless steel grade 304. The super structure of the electronic toilet to have aesthetic ambience with inner room size not less than 1.2 m x 0.8 m x 2.1 m (Lsw4s); Size of Electronic Toilet. Overall size not more than 4.5 g, m. The toilet shall have access controlled main door and side walls made of stainless steel grade 304. Toilet floor and closet are to be stainless steel grade 304. The toilet shall have built-in water tank with minimum 500 litre capacity. Access control using coin validator for entering the unit based on automatic payment collection mechanism. Exit from the unit should be manual. Toilets shall have automatic lights inside the unit, which glows on opening the door. Automatic flushing system which includes (a) Automatic Pre-flush cleaning before use + (b) Automatic closet washing mechanism fare use and (c) Automatic Paldrorn cleaning mechanism programmed after specific number of users. In addition to this, flush switch is to be provided for manual operation. Features shall include health faucket, exhaust fan and cloth hanger. Alerts to the users-	Each	2.00	6,20,000.00	Rupees Six Lakh Twenty Thousand Only	12,40,000.00	Rupees Twelve Lakh Forty Thousand Only
176	Providing and laying Plain cement concrete of M20 grade with 20 mm aggregates for platform to line and level, properly mixed and consolidated with rammers, including side shuttering, spreading, compacting, bailing out water, if required, cost and conveyance of all materials, labour, etc. complete as per drawing, detailed specifications and direction of the Engineer-in-charge.	m³	2.00	10,438.20	Rupees Ten Thousand Four Hundred Thirty Eight and Twenty Paise Only	20,876.40	Rupees Twenty Thousand Eight Hundred Seventy Six and Forty Paise Only
177	Providing and laying Reinforced cement concrete of M20 grade for base stab, excluding reinforcement work and including cost of all materials, labours, centering, shuttering, admixtures, vibrating, curing etc.complete as per drawings, detailed specification, and direction of Engineer-in-Charge.	m ³	4.00	13,924.70	Rupees Thirteen Thousand Nine Hundred Twenty Four and Seventy Paise Only	55,698.80	Rupees Fifty Five Thousand Six Hundred Ninety Eight and Eighty Paise Only
178	Providing and fixing reinforcement using TMT/CRS/ ordinary quality HYSD bars of Fe 500/Fe 415 grade for the RCC work for item 178 above including conveying, straightening, cutting, bending and tying in position etc. complete as per drawings, detailed specifications and directions of the Engineer-in-charge.	Kg	313.00	113.50	Rupees One Hundred Thirteen and Fifty Paise Only	35,525.50	Rupees Thirty Five Thousand Five Hundred Twenty Five and Fifty Paise Only
179	Providing 20 mm thick plastering with cement mortar 1:3 (1cement : 3 sand) , trowelled hard including curing etc. complete as per detailed specifications and directions of the Engineer-in-Charge.	m ²	21.00	626.10	Rupees Six Hundred Twenty Six and Ten Paise Only	13,148.10	Rupees Thirteen Thousand One Hundred Forty Eight and Ten Paise Only
